HISTORY & PURPOSE

The Minnesota 100 Club was formed in 1972, established for the purpose of rendering economic assistance to the families of law enforcement, firefighters and other public safety servants who are killed or disabled while engaged in

public service and in the employ of any federal agency within the state of Minnesota or any political subdivision thereof.

The 100 Club of Minnesota is the First Responder to the First Responders.

We realize money can never replace the loss or disability of a loved one, but funds can be extremely helpful in easing the financial burden associated with these tragic events.

When you become a 100 Club member you can be assured your assistance will be one of the first received by those who protect and serve us 24/7 when tragedy strikes.
