

PLEASE CONSIDER

Consultations: All services are complimentary. All of my consultations begin with an evaluation so that the techniques and products can be customized for your specific skin type and need. For optimal skin care and glamour results, I recommend a complimentary skin care and glamour consultation four times each year (seasonally).

Arrival: Please arrive on time! I request that you arrive 5 to 10 minutes early for all appointments. I understand circumstances may arise which can cause you to be late. I will do everything possible to accommodate you. It may be necessary to shorten or reschedule your appointment if you are late.

Rescheduling: I respectfully request a 24-hour reschedule notice for any consultation.

Cell Phones: Please turn off your cell phone when you arrive for your complimentary appointment so that you (and your guests) may relax and fully enjoy your session.

Groups and Parties: Celebrate with Mary Kay for work or play! A complimentary session is a thoughtful and creative way to reward employees or pamper friends!

Comments: I value your opinion. Please let me know how I may better serve you.
