This FREE public dialogue event includes a presentation by Frank Vogl on his book followed by audience discussion related to the theme of Vogl's presentation.

**Waging War on Corruption** is an insider's account of extraordinary battles against the abuse of public office by politicians and officials for their personal gain. This is a global journey from the birth of pioneering anti-corruption organization Transparency International in 1993, to the Arab Spring in 2011, as courageous people in scores of countries challenge authority and fight for justice. At stake is nothing less than our global security, the reduction of poverty, the stability of our economic and financial systems, and the cause of freedom and democracy.
